SUMMARY

Aspiring pre-final-year Artificial Intelligence and Data Science student with strong proficiency in Java, Python, Data Structures and Algorithms, and web development. Skilled in problem-solving and building efficient, scalable applications using modern technologies. Familiar with Machine Learning and Data Analysis concepts, supported by hands-on project experience. Eager to contribute to a growth-oriented organization while continuously learning and enhancing technical expertise.

EDUCATION

Bachelor of Technology – Artificial Intelligence and Data Science

Panimalar Engineering College, Chennai

2023 – 2027 (Pursuing)

CGPA: 8.58 / 10

Present 2026

SKILLS

- **Programming Languages:** Java, Python, Sql
- **Core Subjects:** DSA, OOP, DBMS
- **Web technologies:** Html, Css, Js, React.js, Tailwindcss
- **AI / Data Science:** Generative AI, Machine Learning, Exploratory Data Analysis (EDA)
- **Frameworks:** Pandas, NumPy, Scikit-learn, Matplotlib, Seaborn
- **Databases:** MySQL, Firebase Firestore
- **Soft Skills:** Problem Solving, Logical Thinking, Communication, Quick Learner, Adaptability, Teamwork

PROJECT

PredSkill – An Industry-Aligned Skill Prediction Engine

Python, Machine Learning, Flask, React.js, TF-IDF, Logistic Regression, Firebase, GNews API

- Developed an AI-powered system to predict career roles and generate personalized learning roadmaps
- Built a full-stack web application using React.js and Flask for career prediction and skill gap analysis
- Implemented TF-IDF and Logistic Regression for accurate role classification
- Integrated Firebase for user authentication and activity tracking
- Added an AI assistant with real-time technology news using GNews API

INTERNSHIP

Artificial Intelligence Intern

GenZ Educatewing | Jul 2025 – Sep 2025

- Built and optimized AI/ML models using Python and Scikit-learn, improving prediction performance by 20%
- Implemented a YOLO-based object detection system achieving 90% real-time accuracy
- Performed data preprocessing, model training, and evaluation to enhance model efficiency

CERTIFICATIONS

- Python for Data Science – NPTEL (2025)
- Deep Learning and AI – Infosys Springboard
- Foundations of Prompt Engineering – AWS
- Data Science – NASSCOM FutureSkills
- Java Fundamentals – Scaler Academy (Mastering the Fundamentals)
